Subpart 4.12—Representations and Certifications

SOURCE: 69 FR 76345, Dec. 20, 2004, unless otherwise noted.

4.1200 Scope.

This subpart prescribes policies and procedures for requiring submission and maintenance of representations and certifications via the Online Representations and Certifications Application (ORCA) to—

(a) Eliminate the administrative burden for contractors of submitting the same information to various contracting offices; and

(b) Establish a common source for this information to procurement offices across the Government.

[69 FR 76345, Dec. 20, 2004, as amended at 72 FR 36854, July 5, 2007]

4.1201 Policy.

(a) Prospective contractors shall complete electronic annual representations and certifications at <http://orca.bpn.gov> in conjunction with required registration in the Central Contractor Registration (CCR) database (see FAR 4.1102).

(b)(1) Prospective contractors shall update the representations and certifications submitted to ORCA as necessary, but at least annually, to ensure they are kept current, accurate, and complete. The representations and certifications are effective until one year from date of submission or update to ORCA.

(2) When any of the conditions in paragraph (b) of the clause at 52.219-28, Post-Award Small Business Program Rerepresentation, apply, contractors that represented they were small businesses prior to award of a contract must update the representations and certifications in ORCA as directed by

the clause. Contractors that represented they were other than small businesses prior to award of a contract may update the representations and certifications in ORCA as directed by the clause, if their size status has changed since contract award.

(c) Data in ORCA is archived and is electronically retrievable. Therefore, when a prospective contractor has completed representations and certifications electronically via ORCA, the contracting officer must reference the date of ORCA verification in the contract file, or include a paper copy of the electronically-submitted representations and certifications in the file. Either of these actions satisfies contract file documentation requirements of 4.803(a)(11). However, if an offeror identifies changes to ORCA data pursuant to the FAR provisions at 52.204-8(d) or 52.212-3(b), the contracting officer must include a copy of the changes in the contract file.
